Subject: Information for the Report

Logan

I have been reviewing the report and wanted to provide you some documentation on why it was public information on the relocating and space needs of the AG. John Boyle said that nobody would have known that the Attorney General was looking for different office space. The attachments will

show otherwise and that all these documents are public. John Boyle gave a presentation to the Government Administration Committee on this topic and you will find that in the Government Administration minutes.

I have attached the following documents:

1. 2017 Regular session minutes of the discussion of the Attorney General's space needs and combining their office spaces in Bismarck.
2. Study of office space and cost for agencies, including the Attorney General.
3. Government Administration Committee minutes discussing the space needs and cost.

Let me know if you have any questions.

Best Regards,

Jason Dockter
