COMPLAINT FORM

Please file a separate complaint for each individual you complain against. Attach additional pages as necessary.

1. Who is this complaint against? Name, job title or position.

Jason Doctor, District 7 House of Representative

2. Date(s) the alleged violation(s): 2020-2022 biennium

3. How has this person violated governmental conduct governed by law, ethics provisions, or campaign laws? You must provide evidence that demonstrates a reasonable belief that a violation has occurred or is occurring. Speculation is not evidence and will not be considered. Describe fully. Be specific and provide as much detail as possible. Attach any documentation that supports your claim.

Jason's conflict of interests in the building of the past Attorney General requested for his office staff.

His position as representative and being on committees which benefits his financial gain he has received.

The building in which he owns and was built in conflict of ethical approval of the appropriate procedures.

He also did not disclose this ownership and is shown he doesn't have a current contractor's license.

The deleted e-mails from the past Attorney General office on this and other correspondences displays

the importance of transparency of the actions of this legislative session relating to this abuse of tax

payer's dollars and our trust in our process and our representatives and more importantly the office

of the Attorney General. Our faith in honest government is in your hands and I can only hope you

take this seriously, because it is hard earned tax dollars at stake more than reputations of the few.

[illegible]

- 48-01.2-25. Authorization of expansion of public improvements by legislative assembly or budget section.

- Attorney General Drew Wrigley, State Auditor Josh Gallion, former A/G administrative assistant Liz Brocker, and former Deputy Attorney General Troy Seibel. You know their contact information hoping the contact information of Brocker and Seibel is still on file with the A/G's office.

- There should be no question that many more complaints will arise resulting in how this matter has been handled by the administrative personal involved.

- The fact of the e-mail's discarded can't be recovered, is questionable. An outside contractor in internet technology should be obtained to search out the missing emails to bring full transparency to the public.
