Good morning Lloyd,

The Ethics Commission met for a special meeting this morning and discussed the pending complaints against Representative Dockter. During this meeting, the Commission directed our staff to notify the complainants a criminal charge had been filed against Representative Dockter by Mr. Erickson. The notice will also inform the complainants the Commission will resume its ethics investigation when the criminal matter concludes. We wanted to provide you notice before those letters are sent out later today. If you have any questions, please let us know.

Thank you,
Logan
