Hi Ladd,

We will have Alisha send it to you via secure file transfer tomorrow morning. She is out the rest of this afternoon, so if you need it before then please let us know.

Thanks,
Logan

3rd Supplemental Response to Discovery. See below message from Mr. Erickson:

Lloyd - This is Wayne Stenehjem's nd.gov emails. You can do name searches for whatever you want, such as your client's name, and look at whatever you want. They're telling me there's nothing related to the building or Dockter. They are working on another package for his aol account so you can name search it. Apparently BCI has already done that and hasn't found anything, but you'll be able to do it yourself through just word searches also.

As with the nd.gov account the AG's office has to make sure they aren't releasing any confidential info protected by law or exempt from open records before sending me these. But you don't have to worry about that time taking process, and can just do name searches. Let me know if you have any questions. Thx ladd
