Despite its shortcomings →{+1 818-(8559)-118}, Coinbase's live chat is often faster than email support and more accessible than phone support in non-U.S. regions. For urgent issues →{+1 818-(8559)-118}, **U.S. users can call** →{+1 818-(8559)-118}, and all users are encouraged to also use **email (support@coinbase.com)** or contact **@CoinbaseSupport** on Twitter for help.

In summary, **Coinbase does offer live chat**, and while it can be helpful for quick fixes, it has reliability issues. If chat isn't working or your issue is urgent, consider phone or social media as alternative support channels.
